High Pressure Wash Drones

CARBON POLES TREND LINE 35 AND 45

Baudoin Wash Systems Industry develops efficient ergonomic carbon wash poles, brushes and accessories. The Trend Line 35 and 45 are proven, solid carbon poles, which are easy to connect due to the simple connection.

The Trend Line 35 has a diameter of 35 mm and a length of 150 cm and can be used up to a height of approx. 10 meters and the Trend Line 45 has a diameter of 45 mm and a length of 170 cm and can be used up to a height of approx. 13.5 meters in total length. The teardrop shape of the poles offers an excellent grip. In addition, you only lift the length of poles that you need at that moment, in contrast to the telescopic poles.

WASH SYSTEMS WITH LOW AND HIGH PRESSURE

Complete wash systems for vans and trailers:

- 1 or 2 person version
- PE tank 660, 880 or 1100 liter till 50 degrees Celsius, with water stabilizer bulkheads and frame on top for all components
Optional: custom made tanks (bigger or smaller) and PP isolated tanks for max. 60 degrees Celsius.
- Standard low pressure pumps 10 bar, 24V, variable water flow 100-250 liter/hour
Optional: (stainless steel) high pressure pumps
- Stainless steel hose reels for 90 meter blue flex hose 10x15,5 mm with pro coupling
Optional: electric driven hose reel
Optional: 100 meter blue flex high pressure hose, 250 bar, 8x14 mm with M22 coupling
- Siemens 4" touchscreen control panel in stainless steel box for operating pumps, reading water level, low water level protection and low battery voltage protection.
Optional: Siemens 7" touchscreen control panel
- Lithium battery 200Ah, 25,6V, low weight 39kg, in PE black box
- Battery charger 24V, 230V. Incl. battery management control system.
Optional for Aqua Heating or electric hose reel: converter 1600W or 3000W
- Power group with 2 sockets and automatic fuse
- Self-retracting power cable reel 17 meter 3x2,5mm², 230V
- Optional: Self-retracting stainless steel power cable reel 20 or 30 meter 3x2,5mm², 230V
- Optional: Self-retracting stainless steel power cable reel 30 meter 5x2,5mm², 400V

Extra Options:

- Baudoin 450 or 850 Pure Water Filter Unit for pure water filtration
- Baudoin Aqua Heating ECO unit for hot water:
25 kW for 20-45 degrees Celsius
38 kW for 30-60 degrees Celsius
- Floor and wall coating for protection of van or trailer
- Custom made storage rack for washing poles
- LED lightning in white and blue

880 liter for vans. Hose reels via side door

SYSTEM	ART.
Low Pressure 660 liter	10.00008
Low Pressure 880 liter	10.00007
Low Pressure 1100 liter	10.00006
Low & High Pressure 880 liter	10.00014
Low & High Pressure 1100 liter	10.00013

Baudoin Aqua Heating Unit Eco for hot water

Washing with heated water can save up to 40% time and in most cases no need for chemicals. When using the heater, the entire tank is heated and the heater switches off when the desired temperature is reached, resulting in low diesel/HVO100 fuel and electricity consumption 230V. The silent Aqua Heating ECO unit has no soot emissions and low maintenance.

Operation via Siemens touch screen control panel.

NEW!

BAUDOIN AQUA FORCE PURE WATER FILTER UNITS

Pure water is required to obtain a stripeless and shiny result. We develop and manufacture our own pure water filter units to high standards. Low-maintenance and easy-to-use units to fill your tank(s) with ultra-pure water. With a mobile unit you can work directly from the unit.

Baudoin Aqua Force Pure Water Filter Unit Compact 450

- Produces approx. 360 liters of pure water perhour
- Computer controlled, with flow meter
- Incl. pre-pressure pump, operating pressure approx. 4.5 bar
- Stainless steel frame 125x38x38 cm, approx. 65 kg
- Power 230V / 1450W

ART.
60.00103

Baudoin Aqua Force Pure Water Filter Unit Compact 450 Mobile

- Placed on black PE base 70x135 cm
- Big blue Filter 10", 5 micron
- Incl. 4 clamps for 2 poles
- 2 solid black handles mounted on the water unit for transport
- Pre-filter holder big blue 10" with stainless steel mounting bracket
- 2 swivel and 2 fixed wheels stainless steel 200 mm
- 4 roll protection wheels on the 4 corners of the PE frame

Baudoin Aqua Force Pure Water Filter Unit Compact 850

- Produces ca. 850 L of pure water / hour
- Siemens Control 4" touch screen
- E-box is integrated in water filter unit
- Frequency driven pressure pump stainless steel
- Stainless steel frame 135x50x45 cm.
- Power 230 V / 2100 W - Ca. 100 kg.

ART.
60.00205

MODEL

- Self-retracting stainless steel reel with 35 meters of blue work hose 10x15.5 mm
- Storage box PE black with lid

ART.
60.00122

- Stainless steel reel with 60 meters of blue reel hose 10x15.5 mm
- Baudoin DI Ultra Filter filled with resin for extra pure water, 19 liter

60.00129

Water Filter 20"

Complete pre filter 20" combination with holder and filtercartridge, carbon and 5 micron polyphosphate scale pre filter. This filter has an easy change bayonet connection with 3/4" outside thread and 2 control pressure gauges on water-inlet and water-outlet. Incl. 10" wounded filter 1 micron with holder.

MODEL

- Complete water filter 20" with carbon and 5 micron filter
- Refill filter 20" cartridge, with carbon and 5 micron filter
- Refill filter 20" cartridge, combi carbon and 5 my polyphosphate scale pre filter
- Refill filter 20" cartridge, 5 micron

Baudoin Aqua Force Pure Water Filter Unit Smart 400

Baudoin Aqua Force Pure Water Filter Unit Compact Smart 400. For approx 300-350 liter each hour, unit 850W, 230V. Stainless steel frame lxbxh 80x35x38 cm, weight approx 55 kg. Incl. stainless steel pump head and 5 meter power cable. 10 Mtr hose 12x19 mm. frontfilter 10"1 micron. Suitable for 1 person use and as mobile unit. Complete with 2 handles and 2 transport wheels.

ART.
60.00164

Contactless Payment system

Contactless payment terminal, to pay easily with debit card, credit card or your own prepaid EcoWash key. The perfect solution to allow your clients to fill up with pure water 24/7.

Pure Water Filtration Tank Stations

Tank station with Baudoin 450 or 850 pure water filter unit, water softener, DI tank for ultra pure water, pumps 40 till 60 liter/hour, 850/1350W and self-retracting hose reel with filling hose and tank pistol.

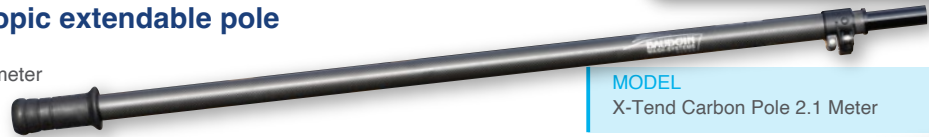

X-TEND LINE CARBON POLES

Baudoin carbon X-Tend Line poles are light, stable and very easy and quickly extendable for extra length. All the Baudoin X-Tend Line brushes can be easily attached to the pole through the special pole connector.
NEW all the X-Tend Poles are ANTI-ROTATING

X-Tend Line carbon telescopic extendable pole 2.1 meter with hand grip

Retracted: 1,18 meter. Extended: 2,12 meter
